

Training Path to MILMOD

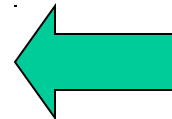

MilDemo

MilMod's on-the-job training database. Query, update, and export your unit's data without compromising real world records.

Training Guides

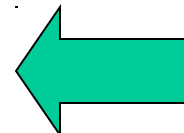

Step-by-step instructions, to include instant feedback, needed for navigating, updating, querying and exporting data while training in MilDemo.

User

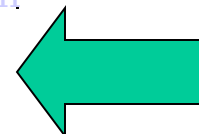

Documentation

Designed to accommodate users and includes on-line Help Screens at user fingertips.

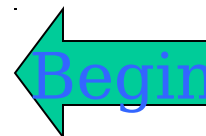

Web Based Tutorials

Learn how to complete basic applications by using the MilMod tutorials.
